Wednesday afternoon I will be off on Tuesday

On Tue, Oct 30, 2018, 2:46 AM Gary Rubenstein <[gary@foulweatherconsulting.com](mailto:gary@foulweatherconsulting.com)> wrote:

Roland – Dave Morgan of Wärtsilä and I will be on Guam next week for meetings related to the Guam Power Authority project to replace several older generating units with a new, clean, efficient power plant. Wärtsilä is one of the bidders that have been pre-qualified by GPA. If you (or your staff) have time, I would like to come by your office to introduce myself and provide some background information regarding the project. We're working with Khoi Nguyen at EPA Region 9 regarding anticipated air permitting requirements. She is copied on this email, along with Nancy Matthews of Trinity Consultants, who will be preparing the air permit application materials.

If you believe this meeting would be useful, I can be at your office Tuesday afternoon (Nov. 6) or Wednesday (Nov. 7). Please let me know what would work best for you.
